YOUNG NATURALISTS TOURNAMENT

is a competition among teams of school students (12 – 16 years old) in their ability to solve complicated problems in natural science and defend these solutions in public discussion.

The Tournament will be presented in September on the site <http://www.ynt2012.org> and in Russian journal “Potential”

Participants of the Tournament – teams of 6 school students from Russia and other countries.

Problems of the Tournament are challenges of natural science and math and will be published at <http://www.ynt2012.org>

Supposed dates for the Tournament:
Preliminary competitions (electronic – and video-conference) –
from 15 September to 15 November 2012.
Russian final competition – December 2012.
International final competition – April 2013.

The registration of participants of the Tournament will be open from 15 September 2012.
